The updated Continental GT 650 takes its inspiration from the 1970s era of British motorcycling, with its cast alloy wheels and blacked-out aesthetic.

Alongside its classically-styled, 50s and 60s-inspired predecessors, it recaptures the spirit of the cafe racer culture of the time and that of our own Continental GT 250.

With its sculpted tank, eager attitude and tucked-in riding position, it

carries all the hallmarks of a traditional caf racer, making it perfect for carving up the back roads or having a ton of fun in the city.
