Continental GT 650 Dark in Apex Grey

The new, all-black Continental GT 650 streamlines the retro cafe racer with its subtle yet stylish aesthetic. The blacked-out engine and exhaust fuse seamlessly with the machine's chassis, keeping the spotlight on its tank for a look that is guaranteed to make hearts race and heads turn.

The Continental GT 650 Twin is an evolution of the Continental GT 535, which in turn, was an evolution of the Continental GT 250 the original Royal Enfield British cafe racer. Powered by the all-new 650 Twin, it looks every bit like its predecessor and performs even better.

While classically styled and visually beautiful, the new engine is Royal Enfield's most forward-looking yet, with a cleaner, elegant look, fewer components, less weight and easier maintenance.
