Welcometo the darkside.....

Along with the classically-styled variants that were inspired by its iconic namesake from the 1960s, this new version of the Interceptor 650 moves the styling forward by a decade, into the 1970s. Built with a perfect balance of style and performance, its a modern classic that retains the essence and appearance of an authentic British roadster, but with a splash of sun-soaked California.

Powered by the air-oil cooled parallel 650 Twin, the Interceptor is a trove of 60s design staples with its 7 headlight, twin clock front and quilted twin seat. The narrow teardrop tank is slapped with a classic badge and topped with a Monza-style fuel cap. A dual cradle frame with a rear loop makes up the core, by way of a nod to the original Interceptor
